

Packing List

Pro Tip – Fall at Takodah is one of the most beautiful times. This time of year it is typically chilly in the mornings, warms up during the day, and then cools off again at night. We suggest packing many layers such as a hat, socks, fleece for the mornings and evenings, then short sleeves, shorts, and bathing suits for the day. A reminder that the cabins are not heated or cooled, so you will want to plan accordingly.
